BURIAL OF DR. HUNTINGTON.

Many Prominent People Attended The Funeral Service.

Boston, July 29.—In Mount Auburn cemetery on the northerly bank of the Charles where are buried many eminent men, the body of the Rev. Dr. William Reed Huntington, rector of Grace church, New York, and one of the most noble leaders in the American Episcopal denomination, who died at Nahant on Monday, was laid to rest in the Huntington family lot, late yesterday. The interment was preceded by a service at 3:00 o'clock in Emmanuel church.

The clergy present included Bishops David H. Gibson of New York and William Lawrence of Massachusetts, who conducted the service and William M. McKivier of Rhode Island, and Alexander Mackay Smith of Pennsylvania. In the congregation were many prominent people, including J. Pierpont Morgan and Francis Lynde Stetson, delegates with Dr. Huntington to the last triennial general convention.

WRIGHTS COULDN'T FLY.

Because of a Stoppage in Gasoline Feed Pipe of Motor.

Washington, July 29.—A persistent wild and a suddenly discovered stoppage in the gasoline feed pipe of his motor after the wind had finally died down, prevented Orville Wright from making his evening trial of his new biplane.

The test of the aeroplanes, the army officials granted him three days additional time for the test. The time limit under the original contract expired to-day.

The failure of the test disappointed an immense crowd, including President Taft and practically all of the most prominent government officials.

The course was marked by bright yellow cylindrical balloons. The only real excitement of the day was when one of these, near Fort Myer, escaped and displayed a disposition to "beat Wright to Shuter Hill," for there it was captured somewhat damaged.

TRIAL OF POLICEMAN.

Who Is Charged With Breach of The Peace at Burlington.

Burlington, July 29.—Memories of the airship tarentonary fame were wafted back to the populace yesterday when Special Officer Bruno Riley, charged with breach of the peace, was tried in city court. The charge alleges that Riley assaulted Edward Fox, a fireman employed by the New England Telephone & Telegraph company, without due cause or provocation.

The offense is alleged to have been committed on Monday evening, July 5, near the tent where the airship was located. City Attorney Wiley prosecuted and had 12 witnesses testify, all of whom told about the same story, to the effect that Mr. Fox was standing with his back to Riley and that Riley suddenly gave Fox two severe blows on the head with his billy, both caps inflicting severe bruises.

At this time there was a large crowd waiting to see the airship ascend, but this incident created so much excitement that a large part of the crowd dispersed.

Notice.

Trespassing and picking berries on my premises strictly forbidden. Any person found on the premises will be prosecuted to the full extent of the law.
